YOUR CHILD'S CHRISTENING AT ST JOHN'S

Dear parent(s)

Congratulations! You are going to have your child baptized at a christening. That is just so exciting. It's exciting because you are going to have an amazing day with family and friends. It will probably involve a party, presents and new clothes, as well as a great time in church. What's not to like? But what's really exciting is that when the Christening day is over, the journey of a lifetime is only just beginning.

A christening is not just an event or a special day – rather it's the beginning of a whole lifetime of discovering what it means to be loved by God and to share that love with others. When the water is poured on your child's head, they become part of the Christian family all over the world. When the candle is given, they take on the challenge of shining as a light that makes a difference to other people. When the prayers are said and the promises are made, you, the godparents, and everyone present at the service says they will help your child – and you – along this amazing journey.

Over the years, I have baptized many babies and children. Sometimes there have been just a handful of family present, at other times, there are hundreds of guests. There have been lots of memorable moments – including baby who fell asleep as she was being baptized and the toddler who was sick – several times – just before he was to be baptized – I baptized him anyway!! But each one has been special – special to their family and friends, and special to God.

After the Christening, the journey of life for each child inevitably takes lots of twists and turns. But the important thing to remember is that this journey never has to be made alone because it is always made with God, whose love surrounds them every step of the way. So enjoy the journey with your child and of course play your part in helping them discover the love God has for them.

In terms of practicalities, please see the details on the accompanying sheet, and we look forward to hearing from/meeting you. In the meantime, if you have any questions, please don't hesitate to get in touch and we will do our best to help you.

Blessings

Simon Dowson, Team Rector of St John's and St Luke's

PRACTICAL DETAILS ABOUT CHRISTENINGS AT ST JOHN'S

We want to do all we can to make the occasion as happy and memorable as possible. In order to guide you through what needs to happen, please read the following information:

Step 1 – make contact with the church. This can be done in one of two ways:

- Phone the church office tel 01423 565129. Office hours – Monday, Tuesday, Wednesday and Friday 9.30am – 1.00pm.
- Come to St John's for what we call our 'Surgery time.' This takes place on Thursday evenings between 6.30pm and 7.15pm – just turn up – no appointment needed.

When you make contact, you will be booked in to a Baptism Information Session (see step 2 below). A date will be set for your child's baptism after you have attended one of these sessions. However, if you have already been to one of these sessions with respect to an older child, you do not need to attend again – rather you can simply book a date for the christening service with the office.

Step 2 – Attend a Baptism information session – these are on the 1st Monday of every other month at 7.30pm. They last no more than an hour and there will usually be several other parents attending. The session aims to:

- help you look at what baptism/christening means
- help you look at whether you wish to have a Service of Baptism or a Service of Thanksgiving for your child (most people opt for baptism)
- discuss any practical questions you may have

It's best if both parents attend the Baptism Information Session because there will be times in the session when you will be asked to discuss things as couples. However if you are a single parent/only one of you can make it, perhaps invite another adult, such as a godparent, to come with you. We also encourage you to find babysitters for your child/children, if possible, to make it easier for you to engage with the session.

Step 3 - Booking in of baptism/thanksgiving date – this can be done by coming to the church office after you have attended the information session. You will need to complete an **application form** (available at the information session or from the office) with all the necessary details. On this form you will need to provide various details including names and contact details of the godparents so that we can send them a great card about being a godparent.

NB 1 for someone to be a godparent, it is a legal requirement that they need to have been baptised themselves – **please check** this is the case.

NB 2 This form will also ask for your consent for us to contact you about follow up events.

Step 4 - Home Visit from one of our clergy – this will generally be arranged in the month before the date you have chosen for the christening service. The purpose of this is to allow you to talk through any questions you may still have prior to the service, to discuss in a more informal way what baptism is all about, and to get to know the person who will be conducting your child's christening service.

Step 5 - The Christening Service – these generally take place at St John's at 12.15pm on the 2nd Sunday of the month and they last for about 30 minutes. It is likely there will be two other families sharing the service with you. Afterwards you are welcome to use the church as a backdrop for any photos you might want to take.

Step 6 - Attendance at the following Sunday's service – one of the key aspects of baptism is that the newly baptised become members of the church family. Attendance at the service on the following Sunday (10am at St John's) allows the rest of this church family to welcome these new members – so please come along if you possibly can!

Recording your child's amazing journey

There will be lots of special moments as your child discovers more about their Christian journey. If you haven't done so already, why not put together a photo album or a scrap book about the christening. Looking at it together will help you all remember what a wonderful day it was for everyone and will be a precious keepsake for the future. Here are some ideas for some milestones to record in the first few months and years after the baptism:

- I was baptized at my christening on... remember the time and place
- My godparents are... include their names, photos and how they are part of your family's story
- My special gifts were... don't forget the candle you were given at the baptism!
- The first time we prayed together was... it might be from a special book or simply time together at the end of the day
- My first visit to church was... you might have photos from a toddler group, Café Church or a nativity play
- When my godparents came to visit we... whatever you did, whether it was playing at home or a great day out, record the moment
- My first question about God was... wondering about God and asking questions is great
- My first Bible story was... add a drawing of your own to help you remember

There will be lots more to record on your amazing journey of faith.

These ideas have been borrowed from the church of England's Christening website, and it contains lots more suggestions – why not visit it yourself?! <https://churchofenglandchristenings.org/after-a-christening/>
